

Amendments to the Drawings

The attached sheets of drawings include changes to FIGS. 4-7 and newly added FIG. 5A.

In FIG. 4, previously omitted lead line to electrode 6 has been added.

FIG. 5A has been added to illustrate the embodiment comprising a "mixed" type element; that is, a single dielectric barrier structural carrier element constructed from double dielectric barrier and null dielectric barrier structural carrier plates.

In FIG. 5, incorrect reference numeral 16 has been corrected to read as reference numeral 6. The lead line for reference numeral 6 has been extended to the electrode 6.

In FIG. 6, the upper most lead line for reference numeral 6 has been extended to the electrode 6.

In FIG. 7, vertical lines between the cells have been removed.

An appendix is attached hereto comprising replacement drawings with the aforementioned changes made thereon.
